**equipped
to last**

Practical and refined, New Trafic's cab knows how to take care of you. You can take care of it too with our elegant seat covers that customise the on-board ambience while protecting the upholstery. Give your floors the quality of our made-to-measure rubber or textile protection, and keep the vehicle's entrances looking pristine with the Renault backlit door sills.

helping you work better

The expectations of professionals are numerous and demanding whether it be in transporting, delivering, protecting and securing. The equipment solutions offered by your New Traffic are just as important. Discover the ones we have designed to make your life easier.

built-in protection

New Traffic will support you in your most demanding tasks for a long time. This is why it is important to strengthen your loading area. Renault offers you a range of interior and floor coverings that cover every need: non-slip floor, ideal in a humid or standard environment for intensive use. With varnished wood or polypropylene trims, your loading area will remain easy to maintain and will have a beautiful finish. As for standard trims, they are particularly suited to the toughest tasks.

making daily life easier

Working, communicating and taking a break, your days revolve around your New Traffic. It's easy with the 12 V-220 V converter to charge tools such as your drill or plug in construction lighting. As for the LED bar, it will provide you with optimum light throughout your loading area. Don't lose sight of your phone, position it instinctively on your magnetic smartphone holder. Don't forget to take a break with our cooler that keeps all your food and beverages cool or warm, depending on the season.

manoeuvre with peace of mind

Technology makes it easier to drive New Traffic. Get better visibility with the permanent rear view camera system that takes over from the rear-view mirror. Make manoeuvring easier by equipping your vehicle with a parking sensor that warns you of obstacles with an audible signal. The reversing alarm informs pedestrians of your manoeuvre for even greater safety. The rear view camera accurately guides you on the multi-function screen on the instrument panel.

work safely

Doing your job well also means paying particular attention to safety. Renault makes it a priority and offers a whole range of dedicated accessories. Working on traffic lanes requires you to signal the presence of your vehicle with a TriFlash triangle and reflective strips that optimise your visibility. Keeping a fire extinguisher within easy reach is also a safety reflex, and in the event of an incident on the road, the Dashcam system proves to be valuable. It films and keeps the journey history to give a testimonial if necessary. When you arrive at your destination, secure your vehicle and its load: simply equip it with a high-strength multipoint lock. Nothing is left to chance with New Traffic.
